|                           | 10.   | The Consortium would like to thank Kelly Dunn for his 17+ years of service   |

## DRAFT January 11, 2016

|                      | to the Contra Costa HIV/AIDS Consortium. He's served on the allocations  |
|----------------------|--|
|                      | committee as well as acted as co-chair for many years.   |
|                      | , and the second |
|                      | March 1 <sup>st</sup> is the first day of the new fiscal year. End of February is the end of the fiscal  |
| Budget               | year. Reallocations were discussed in November and contracts are in the process of   |
| 3                    | being update. Bay Area Legal AIDS is taking over for Rubicon.  |
|                      | The following service categories requested proposals for the provision of services.  |
| RFP                  | Housing, Legal and Health Education/ Risk Reduction  |
|                      | Obiel Leyva gave a brief update on prevention programs and services including the  |
| Prevention           | community testing program. In 2016 the program will be looking for more partnerships.  |
| Reports              | The future of prevention is on biomedical preventions such as PreP for high risk   |
|                      | negatives.   |
|                      | Q: Why isn't the County attending Cinco de Mayo and Juneteenth Celebrations to test  |
|                      | folks for HIV?   |
|                      | A: The State Office of AIDS and the CDC has mandated focused testing of high risk  |
|                      | individuals. Mass community testing of individuals at public events hasn't yielded the   |
|                      | number of positive results as we would expect. It is also not cost effective since testing   |
|                      | is available from health care providers and is covered by medical insurance.   |
|                      |  |
|                      | The State and CDC is focused on routinizing testing. High impact prevention is the   |
|                      | focus. We need to figure out how we fit with the rules to reach out to high risk   |
|                      | individuals. Such as individuals and agencies which are available to distribute materials.   |
|                      | Individuals, groups and argenizations of valuntaers are able to pick up advectional  |
|                      | Individuals, groups and organizations of volunteers are able to pick up educational  |
|                      | materials and condoms and testing cards from the HIV/AIDS Program free of charge to  |
|                      | distribute to community organizations.  Carla Goad reviewed the purpose and objective of drafting and Integrated Care &  |
| Integrated Care &    | Prevention Plan for the Oakland TGA. The TGA has hired Robert Whirry to write the  |
| Prevention Plan      | integrated plan and he wants a lot of community input from positive as well as negative  |
| 1 TCVCIICIOII I IAII | individuals.   |
|                      | The plan for 2016 is to meet every other month for general meetings and to meet  |
| Calendar Review      | monthly for Executive Committee and Allocations Committee meetings.  |
|                      | The Executive Committee and the Allocations Committee are both recruiting volunteers   |
| Open Committee       | to participate on the committees. The time commitment is minimal and the rewards   |
| Positions            | great. The Executive committee is made up of co-chairs who are elected to represent  |
|                      | consumers, service and the County. The appointment is for a period of two years.   |
| 2016 Allocations     | The Consortium reviewed the proposed survey and made suggestions which will be   |
| Process              | implemented into the final draft.  |
|                      | Bob Capistrano the new legal services provider introduced himself and shared flyers  |
|                      | from upcoming Legal Aid Program workshops.   |
| Services             |  |
| Discussion           | Shawny Flores gave an update on the housing workshop CCIH is planning for clients.   |
|                      | They have negotiated a special price for credit reports from TransUnion for \$4 for  |
|                      | informational report and \$25 for the regular credit report.   |
|                      | Client expressed concern about the need for more home delivery of food bags for those  |
| Public Comment       | who don't have transportation to get to the food bank drop off site.   |
|                      | Response: Clients should work with their medical case manager to request rides through   |
| Announcements        | the transportation provider.   |
| Announcements        | Manday March 12, 2016 from 10,12 noon at Bainhay Community Contar  |
| Next Meeting         | Monday, March 13, 2016 from 10-12 noon at Rainbow Community Center   |
|                      |  |
